

WHO

NUPOLAR®
polarized lenses

The worldwide leader in polarized lenses, NuPolar is the best all around sun lens with proven quality and the glare and UV blocking you need.

NuPolar lenses may be right for you...

- If you want the total glare protection only polarized lenses offer
- If you want a really dark sun lens outdoors in all conditions
- If you enjoy the outdoors, especially activities on or around water and snow
- If you want a selection of tints
- If you want the only polarized lens that meets all accepted performance standards

Available in gray, brown, green and copper; single vision and multifocals. Also available in non-prescription.

WHY

NUPOLAR®
polarized lenses

NuPolar lenses:

- Provide the best vision in bright sunlight
- Make your outdoor activities more enjoyable
- Lessen squinting and crows' feet
- Make driving safer by cutting glare
- Let you see true color

Photonic Science

How Blinding Glare is Created.

There is No Substitute
for Polarized Lenses.

Only Polarized Lenses can Remove Blinding Glare.

WITH

WITHOUT

NUPOLAR® – WHICH IS YOUR COLOR?

Copper: Cosmetically pleasing, good depth perception and definition

Brown: Higher contrast, excellent visual acuity in lush, green environments

Green: Matches the original green glass sunlens, enhances color

Gray: Most popular sun lens color, great for very bright conditions
